

Attendance: Elliot, Ollie Larson, Willie, Dave B., Jo Jo, Dale, Ron, Jay Sea

Electric rate increase ratified (with some reluctance from Elliot, hope he won't be disappointed)...if anyone thinks it's too much they always have the option of reading their meter. btw, Jake and Dwain read all of them the first of the month).

Jason's request to take work credit for work done on his own residence denied. As per Ky's email clarification, the intent was for the change in policy to only apply to work done on someone else's cabin. It was requested, by consensus, to change the minutes from the previous meeting to reflect that intent.

Discussed options for getting a new washing machine for the community laundry room. More research needed for an affordable front end loader.

Discussed the need to get parking around the Main-downtown area under control. Across the nuclear waste pond was discussed as a possible parking lot: Maybe dead vehicles removed to make room and gravel fill to make it less of a mud trap.

School is shifting to Wednesdays this semester so the kids can be here for pot luck. (We can always use more kindling and/or firewood down there if anyone's wondering what to do to help out.)

Next meeting Thursday, February 4th.

Visitors with an RV coming tomorrow. Might stay a couple days. The family that was going to come for pot luck are hoping to visit this weekend instead.
